

**FOR IMMEDIATE RELEASE:**

**Fire at 1625 G Street**

*Lewiston, Idaho – March 20, 2017:* At 5:31am Lewiston Fire crews were dispatched to a reported commercial structure fire at 1625 G Street. The first arriving fire units found smoke coming from the building and what appeared to be an attic fire. Upon further assessment crews found a warming fire that had been left by someone. The fire had caused damage to the door and filled the building with smoke. Crews gained entry into the building and found no fire inside the structure. Some crews remained on scene for approximately one hour to remove smoke from the building.

The department responded with three fire engines, three ambulances, three command officers, and two fire inspectors, totaling 18 personnel. There were no injuries reported and the damage is estimated at roughly \$1,500.
