Aerial Shell with Mortar

## Fireworks Safety Tips

- Observe the law - Lewiston city code only allows non-aerial common fireworks.
- Fireworks purchased within city limits from a licensed vendor are legal.
- When using legal fireworks, only set them off outdoors, in a clear area, away from homes, dry leaves, or grass and other flammable materials.
- Do not allow young children to play with fireworks under any circumstances. Older children should be permitted to use fireworks only under close adult supervision.
- Do not try to relight or handle malfunctioning fireworks. Soak them with water and throw them away.
- Keep a bucket of water nearby for emergencies and for pouring on fireworks that fail to ignite or explode.
- Be sure other people and pets are out of range before lighting fireworks.
- Store fireworks in a cool, dry place.
- Ashes and burned material should be placed in a metal can with a lid and stored away from combustibles or buildings.
